PROFILE

Researcher and policy analyst with four years of experience in empirical research on public policy and EU energy and climate governance. I have worked hands-on at the science-policy interface, on knowledge brokerage, science-for-policy initiatives, and I have experience in project and event management, from stakeholder outreach and to logistical coordination. I can translate complex evidence into policy-oriented outputs and tailor communication to different institutional registers and sensibilities.

SKILLS

Research skills

Policy evaluation
Qualitative methods
Evidence synthesis
Research communication
Basic data analysis (Python/R)
CAQDAS (MAXQDA)

Organisational skills

Project design
Event planning and management
Stakeholder outreach
Social media management
Raster graphics editors (GIMP)

LANGUAGES

Italian	Native
English	Advanced (C2)
French	Intermediate (B2)
Spanish	Basic (A2)

RELEVANT EXPERIENCE

European Consortium for Political Research

Conference Assistant

Jan - Jul 2026

Planning and coordination for the *13th Biennial Conference of the Standing Group on the European Union* (SGEU), Catania, 1-3 July 2026. Coordinated stakeholder outreach, vendor relations and budget oversight. Managed event communications and social media strategy.

Joint Research Centre - European Commission

External Expert

Dec 2025 - Feb 2026

Independent research on knowledge brokerage as input for JRC projects. Designed a research strategy for a review of academic and grey literature, and wrote a report based on a large bibliographic dataset, combining qualitative and computational text analysis.

Visiting Scientist

Jun 2024 - Oct 2024

Collaboration on EU multi-country projects on evidence-informed policymaking and science-for-policy ecosystems across the EU. Co-authored a JRC report on science-for-policy ecosystems, conducted country analysis on and collection of best practices, and supported national experts in producing policy-oriented outputs in the context of the joint JRC-OECD project 'Building Capacity for Evidence-Informed Policymaking (EIPM) in Governance and Public Administration in a Post-Pandemic Europe'.

ACTIVITIES

Universiteit Gent

Visiting PhD Researcher

Sep - Dec 2025

Int'l Public Policy Association

International Winter School on

Public Policy

Feb 2024

Institut d'Études Européennes -

Université Libre de Bruxelles

Visiting PhD Researcher

Feb - Apr 2023

Causality in Policy Studies

Jul 2022

EDUCATION

Scuola Normale Superiore | Sant'Anna School of Advanced Studies

Joint PhD Programme in Transnational Governance (EQF 8)

2021 - 2026

Thesis | Knowledge Is Power (Saving): Policy Learning and Epistemic Dynamics in EU Energy Efficiency Governance

Scuola Superiore di Catania

Diploma of the Class of Humanities and Social Sciences (EQF 8)

2016 - 2022

Thesis | Moving towards Reforms: Challenging the EU Mobility-Democracy Nexus in the Southern Neighbourhood

Università di Catania | Université de Liège

Master's Degree in Global Politics and Euro-Mediterranean Relations (EQF 7)

2019 - 2021

Thesis | Tackling the Migration and Refugee Crisis at EU Borders: Patterns of Policy Learning and Change

Università di Catania

Bachelor's Degree in History, Politics and International Relations (EQF 6)

2016 - 2019

Thesis | China as a Global Power in the Mediterranean

SELECTED CONFERENCE PRESENTATIONS

38th Annual Conference of the Italian Political Science Association (SISP)

Paper: *It's not the Heat, It's the Affordability: Embedding Energy Poverty in EU Green Transition Policies*

Università di Napoli, 4-6 September 2025

2025 General Conference of the European Consortium for Political Research (ECPR)

Paper: *Not a Single Shade of Evidence: Unpacking the European Commission's Discourse on Evidence-Informed Policymaking*, co-authored with Alice Dechamps (ULB)

Aristotle University of Thessaloniki, 26-29 August 2025

International Conference on Public Policy (ICPP7)

Paper: *Knowing what matters: rethinking the knowledge-power couplet in policy learning theories*

Chiang Mai University, 2-4 July 2025 [Online]

10th STS Italia Conference - Technoscience for Good: Designing, Caring and Reconfiguring

Paper: *Good Fences Make Good Experts: Unpacking the European Commission's Discourse on Evidence-Informed Policymaking*, co-authored with Alice Dechamps (ULB)

Politecnico di Milano, 11-13 June 2025

12th Biennial Conference of the Standing Group on the European Union (SGEU)

Paper: *Know, how? Reassessing influence in EU energy efficiency policy-making through the lens of learning*

Universidade NOVA, Lisbon, 19-21 June 2024

ECPR Joint Sessions of Workshops

Paper: *Domesticating Knowledge: Epistemic Politics in EU Climate and Energy Governance*

Leuphana University, Lüneberg, 25-28 March 2024

2023 General Conference of the European Consortium for Political Research (ECPR)

Paper: *From knowledge to (supranational) influence: a learning-oriented approach to EU policy-making*

Charles University, Prague, 4-8 September 2023

9th Biennial Conference of the Standing Group on Regulatory Governance

Paper: *Learning to Regulate the EU Green Transition: A Case for Supranational Influence?*

University of Antwerp, 12-14 July 2023
